

NAVIGATION

1. **How to add or delete favorite place?**

Go to Navigation tab -> Tap to add favorite place.

Once added, select delete icon to remove the added location.

2. **What does 'Parking' mean in navigation?**

Tapping on **Parking** will take you to nearby available parking locations.

3. **How to start navigation through the Smartplay Dock app?**

It is possible in three ways:

1. If any favorite place is already added, then press '**Tap to navigate**' to launch navigation.
2. Select '**Open**' to start Google Maps and then set desired destination on Navigation tab.
3. Select voice recognition icon and speak your desired destination to launch navigation.

4. **How to come back to the app while navigation session is active in Google Maps?**

While navigation is launched from Smartplay Dock app, then, app overlay appears on navigation screen (for Android). You can come back to the Smartplay Dock app by tapping on the app overlay icon.

For iOS devices, tap on Smartplay Dock notification present on title bar of phone.
