In compliance with AIS 125 – National Ambulance Code Type ‘B’.

**Ambulance shell is incompletely built vehicle, for fabrication of Type B Road Ambulance, with recommended seating capacity of 3 Persons + 1 Patient.

To be registered after ambulance fabrication as per AIS-125. Complies with AIS125 Part 1 requirements except related to Stretcher and Oxygen cylinder mounting provision.

Unladen Weight after Fabrication of Type B Road Ambulance (as per AIS 125), shall not exceed 1030 kg.

Maruti Suzuki India Limited reserves the right to change, without notice, price, colors, equipment specifications, and models of ambulance/ambulance shell and also to discontinue models and/or replace any part or accessory with any product. Accessory and feature shown in the pictures may not be a part of standard equipment and will differ according to the variant and model. Any offers made will be subject to availability of the product. Images are for illustration purposes only. Actual vehicle body color may vary from the brochure image. For details on functioning of safety features, including air bag, kindly refer to the Owner's Manual.

EECO CARE

Eeco Care

Add Comfort To Care.

The Maruti Suzuki EECO CARE is a perfect vehicle for your health care centre. It is compliant with the latest National Ambulance Code and is designed to ensure upscale amenities to the patient. The Monoblock stretcher provides utmost safety and comfort while the Public Address System (Amplifier, Mike and Speaker) helps with a trouble-free transit. There is space for First Aid and Nursing Kit, Oxygen Cylinder Clamps and a Hook for Infusion Mounting to provide for medical utilities. In addition, Partly Frosted Windows of the fully air-conditioned EECO CARE offer optimum privacy. Furthermore, it comes with the trust and reliability that you can expect from all Maruti Suzuki products.
