Ficci CASCADE launches campaign against smuggling

FICCI TRUST OF INDIA
New Delhi, August 5

FICCI COMMITTEE AGAINST SMUGGLING DESTROYING ECONOMY (FICCI-CASS) on Saturday launched an awareness campaign against smuggling, a trade that leads to enormous economic losses.

This committee, formed by Ficci, was organized to engage with the government and awareness creation about the detrimental effects of smuggling.

In a press release, the committee said, “smuggling is a trade that leads to enormous economic losses. It erodes tax revenues, providing a subsidy to black money, and distorts the market through the distribution of illegal goods.”

The committee is calling on the government to take immediate action to curb the menace of smuggling, which undermines the tax base, leads to corruption, and undermines the rule of law. It is also causing significant harm to individual and national economic growth and economic stability.

The committee is also pointing out that smuggling is a major challenge for the government and people in the country.

The committee said, “We have no choice but to find immediate solutions to this problem. We urge the government to take immediate action to curb the menace of smuggling, which undermines the tax base, leads to corruption, and undermines the rule of law. It is also causing significant harm to individual and national economic growth and economic stability.”
