JSW Utkal Steel gets green nod for 13.2 MTPA plant in Odisha

FE BUREAU Mumbai, April 11

JSW UTKAL STEEL (JUSL), a wholly-owned subsidiary of JSW Steel, has received environmental clearance to set up an integrated steel plant of 13.2 million tonne per annum (MTPA) crude steel in Odisha. The capital expenditure for

the environment-friendly steel plant project is expected to be about ₹65,000 crore, including associated facilities. The phase-wisework for the project will start once the land is handed over to the company by the Odisha government, the company said in a statement.

The mega project will generate huge employment opportunities in the region, which, in turn, will boost the

economy of the state, it added. The project was accorded environmental clearance by the Union Ministry of Environment & Forest and Climate Change, after public hearings. JSW Steel has adopted a

emissions by 42% by 2030 over the base year of 2005. JSW Steel is also investing

specific climate change policy

and is targeting to reduce CO2

in R&D for sustainable products and emission control, optimisation, resource process efficiency and ensuring a multi-pronged digital focus to improve existing practices. The company had issued the global steel industry's first sustainability-linked US dollar bond in 2021, which is linked to its decarbonisation target for 2030.

Liquidity support scheme for highway developers extended to October-end

FE BUREAU New Delhi, April 11

THE MINISTRY OF road transport and highways (MoRTH) has extended a set of relief measures, aimed at improving liquidity of the highway contractors and concessionaires, till October 31, 2022.

According to a MoRTH notification issued Monday, hybrid annuity model (HAM) and engineering procurement & construction (EPC) contractors will continue to get monthly payments for their work done for the period between April 1 and October 31. As per an earlier order, these incentives were to end on March 31, 2022.

"In case of build-operatetransfer (BOT)/toll-operatetransfer (TOT) concessionaire for reduction in collection of user fee, the concession period is to be extended as per provisions in the concession agreement," the notification said. As per the concession agreement, the loss in collection of user fee is compensated by extending the concession period till the time daily collection touches 90% of the average daily fee.

"For all national highway tolling contracts, reduction in collection of fees may be compensated in accordance with the user fee collection contracts," the ministry said. Extension of time will be

granted to concessionaire for achievement of financial closure in the concession agreements entered between April-June 2022 for a period of one month from the due dates, as per provisions of the contract, depending on the location of the project. The ministry has directed all

implementing agencies, including the National Highways Authority of India, to make direct payments to approved sub-contractors through escrow accounts. MoRTH has already decided

to reduce performance security from existing 5-10% to 3% of the value of the contract for all existing contracts, barring those involved in arbitration.

JSW Utkal Steel gets green nod for 13.2 MTPA plant in Odisha

FE BUREAU Mumbai, April 11

JSW UTKAL STEEL (JUSL), a wholly-owned subsidiary of JSW Steel, has received environmental clearance to set up an integrated steel plant of 13.2 million tonne per annum (MTPA) crude steel in Odisha.

the environment-friendly steel plant project is expected to be about ₹65,000 crore, including associated facilities. The phase-wisework for the project will start once the land is handed over to the company by the Odisha government, the company said in a statement.

The mega project will generate huge employment opportunities in the region, which, in turn, will boost the

economy of the state, it added. The project was accorded environmental clearance by the Union Ministry of Environment & Forest and Climate Change, after public hearings. JSW Steel has adopted a

emissions by 42% by 2030 over the base year of 2005. JSW Steel is also investing

specific climate change policy

and is targeting to reduce CO2

in R&D for sustainable products and emission control, optimisation, resource process efficiency and ensuring a multi-pronged digital focus to improve existing practices. The company had issued the global steel industry's first sustainability-linked US dollar bond in 2021, which is linked to its decarbonisation target for 2030.

Liquidity support scheme for highway developers extended to October-end

FE BUREAU New Delhi, April 11

THE MINISTRY OF road transport and highways (MoRTH) has extended a set of relief measures, aimed at improving liquidity of the highway contractors and concessionaires, till October 31, 2022.

According to a MoRTH notification issued Monday, hybrid annuity model (HAM) and engineering procurement & construction (EPC) contractors will continue to get monthly payments for their work done for the period between April 1 and October 31. As per an earlier order, these incentives were to end on March 31, 2022.

"In case of build-operatetransfer (BOT)/toll-operatetransfer (TOT) concessionaire for reduction in collection of user fee, the concession period is to be extended as per provisions in the concession agreement," the notification said. As per the concession agreement, the loss in collection of user fee is compensated by extending the concession period till the time daily collection touches 90% of the average daily fee.

"For all national highway tolling contracts, reduction in collection of fees may be compensated in accordance with the user fee collection contracts," the ministry said. Extension of time will be

granted to concessionaire for achievement of financial closure in the concession agreements entered between April-June 2022 for a period of one month from the due dates, as per provisions of the contract, depending on the location of the project. The ministry has directed all

implementing agencies, including the National Highways Authority of India, to make direct payments to approved sub-contractors through escrow accounts. MoRTH has already decided

to reduce performance security from existing 5-10% to 3% of the value of the contract for all existing contracts, barring those involved in arbitration.
