

Maruti Suzuki goes greener! Over 2 lakh BS6 compliant vehicles sold

- Milestone achieved in just 6 months
- Eight BS6 compliant models that includes bestsellers from Maruti
- Aligned with Government's vision of green and sustainable mobility

New Delhi, October 4, 2019: Maruti Suzuki India Limited has set a new milestone with the sales of over 2 lakh BS6 compliant vehicles. The sales milestone has been achieved in just six months of launch of the first BS6 compliant vehicle. Maruti Suzuki launched its BS6 range with Alto 800 and Baleno, in April 2019, almost one year before the government stipulated timeline of April 2020. The complete range of Maruti Suzuki BS6 compliant petrol models now includes industry best sellers: Alto 800, Baleno, WagonR (1.2 L), Swift, Dzire, Ertiga, Swift, Dzire, Ertiga and the recently launched XL6 and S-Presso.

Over 2 lakh and counting...

*Only petrol variants

Commenting on the milestone, **Mr. Kenichi Ayukawa, Managing Director & CEO, Maruti Suzuki India Limited** said, "We thank customers who have opted for our BS6 range of vehicles. We believe that mass adoption is one of the most important factors for success of any new technology. Offering eight BS6 compliant petrol vehicles in the mass segment, much ahead of timeline, has helped us to reach this technology to a larger customer base."

He added, "Early introduction of the BS6 range represents our commitment to Government of India's vision for clean and green environment."

The BS6 compliant petrol vehicles will lead to a substantial reduction of nearly 25% in Nitrogen Oxide (NOx) emissions.

The BS6 compliant petrol vehicles can run on BS4 petrol also. The BS6 petrol cars from Maruti Suzuki have been extensively tested with BS4 fuel and there is no operational concern.
