MADE OF METTLE

Powerful, simple, iconic and distinctive features are the foundations that set this automobile apart from the rest. These features optimise the car’s interior and exterior lines to create unique design cues that are synonymous with the brand’s aesthetic. This is achieved by dint of a design philosophy which combines with its efficient performance making it a true icon that exceeds all expectations. It is with one drive, put your foot on the throttle and feel its power.
A SHINING SENSATION

The bold front grille is accented with chrome to add a touch of elegance. The chrome accentuations extend from the sides all the way to the rear to give a stunning look that is sure to catch your eye.
LIGHT UP THE WAY

The Nissan is equipped with Projector Headlamps with dual low-beaming Lamps and Halogen Tail-lamps with LED. The lights are even with 1500 x 600 "Vision Led," and in the rear, they are "Vision Led." The Headlamps have "Vision Led" with a specific spread for a natural beam at 4000 km, powerful and bright, they are perfect to light up your drive.
CAPTIVATING FROM INSIDE

The dashboard conveys premium all-black interior. As you climb inside, you notice the plush and comfortable seats, you notice one thing very distinctly. Every detail inside has been crafted with care and finishing that blend style and simplicity bound together harmoniously.

SEAMLESS SHIFTING

The Baleno comes with a CVT or Continuously Variable Transmission, a slipping clutch gear selector. This new generation CVT is equipped with an electronic gear selector, extended performance with reduced shift and torque lag. This ensures smoother shifting. Thus providing better divisibility and excellent fuel economy.

NEW GENERATION PLATFORM

The innovative new platform has improved body rigidness, enhanced the rigidity and improved fuel efficiency, handling and transmission performance.
SURROUNDED IN SAFETY

Safeguard a clear priority. The new Mazda3 comes equipped with ISOFIX safety belts, which ensure that you are always protected.

- **Total Effective Control Technology**
- **Highly effective tire pressure monitoring**
- **Active Front Headrest**
- **Front Seat Belts with PSE Electronic Stability Control**

ENHANCED PROTECTION

TOTAL EFFECTIVE CONTROL TECHNOLOGY

The Mazda3 conforms to the highest safety norms using its Total Effective Control Technology. This results in effective absorption and dispersion of crash energy which provide high safety for occupants. Ballistic energy and safer high-impact steel, the body achieves high rigidity by placing the "rigid member" at the right place.
